- How do I use the App?
- Option Name (This will be repeated for each option of the App)
- Contact Person

# Acknowledgements

- A small vote of thanks for all who have helped me in this journey of App Development – My parents, Mr Ken, Clevered, Mentors, Group Members, Friends, Sites etc.

# About Me..

- Name – Aflin Shafeek
- Age – 10
- Grade – 5th
- Nationality – Indian

# About My Internship with Clevered..

- Any photographs from session etc.
- Your internship experience with Clevered :

I have learned so many concepts in this internship and the mentors taught me how to do the assignments and many more, overall I enjoy it.

- Badges Earned :
- Rockstar for Attentiveness
- Rockstar for Timely Delivery

# About App...

- App's main menu
- Speaking Blocks – so that I can speak to the sprite.
- Listening Blocks – So that the sprite can understand and listen what I am saying.

# App's Introduction

- Ask me anything chatbot

A chatbot that can talk about a particular subject and give information about it.

- I chose this project because if anyone has a doubt in their studies or any subject or anything they can ask the chatbot the question and the chatbot can give the correct answer then that person's doubt is finish.
- I am using Speaking blocks/Speech synthesis and Listening blocks/Speech recognition

# How do I use the App?

- You can use this app by asking the doubts you have in any subject. And it gives you the answer to that question. For example :- If you ask what is energy it will give you the answer.

# Make sure your mic is working

## Screen of the App

Steps to use the game:-

- You can use this game

When you have a doubt  
on any subject. You can  
clear it by asking the doubt or  
question you have. And it  
will be giving you the answer

# Special considerations

- +
  - Make sure your mic is working
